

MEMORANDUM

To: Okanogan City Council and Mayor Turner

From: Jessica Blake, Clerk Treasurer

Date: January 9, 2024

Subject: Wastewater Treatment Plant Re-Roof

Zaga Construction completed the re-roof of the Wastewater Treatment Plant in December, and the work has been accepted by Public Works Director Shawn Davisson. This project is covered under our insurance claim due to the damage caused in a wind event on June 8th, 2023. The project is currently 100% complete.

Suggested Motion: I move that the City accept the Wastewater Treatment Plant Re-roof project as complete and direct staff to close out this project.
